Strengths

- A self driven learner with Front-End and Back-End knowledge. Passionate about implementing and launching new projects.

- Ready to learn new technologies/Frameworks and implement them to further improve my knowledge.

- Experienced in working on challenging projects and ability to work under pressure to prompt deadlines.

- A team player with good communication skill always ready to work for the enrichment of knowledge.

- Has working knowledge on React and Java using Spring framework on an intermediate level.

Achivement

Online Shopping Application

Completed end to end case study of Online shopping Application using Spring boot and React used for user interface. It is a double-role application project i.e. Admin and User, where Admin will have the main control over the system. Admin will be responsible for maintaining the system and also, keeping a check on the availability of products, and updating any details related to the cart. On the other hand, Users can register themselves and can do online shopping.

Backend

Spring Boot/Spring Security
MongoDB
NodeJS

Database
